OBJECT	EXIT
REVERSIBLE RESIN (RR)	**LABORATORY**

SUSPECTS

GV - Giulia Ventresca
LB - Lorenzo Bardi
DV - Dorian Varkov
SM - Sofía Marek
EM - Étienne Morel
CW - Clara Weiss

OBJECTS

DC - Digital calliper
DK - Display-case key
DP - Diplomatic pass
3S - 3D scanner
RR - Reversible resin
LS - Lifting strap

HOW IT WAS SOLVED

1. The clues place Étienne in E4 with the reversible resin.
2. His statement denies the very exit assigned to him.
3. It is the only lie compatible with the Laboratory and access to the bust.

VERA LINCE'S REPORT

During restoration, Étienne damaged the bust's nose and carried out a makeshift repair before the exhibition.

Fearing that someone would discover it, he switched the piece and escaped towards the Laboratory.

He tried to save Caesar's nose; he lost his own for good business.
